

Restricted Asbestos License

AIM OF THE COURSE

The aim of this course is to provide applicants for the Restricted Asbestos Removal License with the necessary knowledge to enable them to properly supervise, manage and carry out asbestos work involving non-friable (bonded) asbestos-containing material.

Background

Occupational Safety and Health Regulations require operators to have a Restricted Asbestos License if removing more than 10 square metres of bonded asbestos in a workplace. To obtain a license a person must complete this WorkSafe approved Restricted Asbestos Removal License training course. The new licenses will be available from WorkSafe from 1 March 2010 and will be valid for three years.
