Student tuition fees are indicative only and are subject to change given individual circumstances at enrolment. Additional fees may apply, such as student services and resource fees.

HOW THE FEE CAPS WORK

Fee free: tuition fees are waived for eligible students. Resource fees and other fees may still apply.

Lower fees, local skills: the maximum course fee for non-concession students in 2026 is $1,200, excluding resource fees. For concession students and youth, the maximum course fee is $400. These maximums apply per course in 2026.

PLEASE NOTE

1. These fees are estimates only for students enrolling in (or currently enrolled in) government funded courses in 2026.
2. The indicative fees for a course may differ between training providers due to the units they have included in the course outline. The differences generally result from adapting courses to meet local industry needs.
3. Nominal hours are not hours of training or instruction. They are used to determine course fees and subsidy levels to reflect the cost of delivering quality training.
4. Concession and annual course fee caps may also apply to some courses. Fee caps apply to some tuition fees only. Proof of eligibility for concession must be demonstrated before the unit starts. If the concession is valid for the full enrolment period, all eligible units started within that period attract the concession rate. If the concession is valid for part of the enrolment period, only eligible units started before the concession expires attract the concession rate.
5. Fees are quoted on 2026 fee rates only and are subject to change in 2027.
6. Other charges may apply.
7. Youth means a person who has reached 15 years of age and is under 25 years old.
8. Fee free courses are shown in the table above.
