TRAINEESHIP | RII40720

Certificate IV in Civil Construction (Supervision)

For people supervising civil works and site teams

QUALIFICATION	PATHWAY	AVERAGE DURATION	UNITS REQUIRED
RII40720	Traineeship	18 months	12 units

COURSE OVERVIEW

This qualification reflects the role of individuals working in supervisory roles within the civil construction industry. They apply a broad range of skills and knowledge across varied work contexts, using discretion and judgement to plan, coordinate and supervise civil construction activities.

Individuals in these roles may provide technical guidance and support to work teams and help ensure work is carried out safely and in line with workplace procedures.

COURSE DELIVERY

Training and assessment is a combination of on-site training and classroom block training at an Australian Training Management training centre.

Learners attend a scheduled monthly training block to start each unit with their trainer, then complete the rest of the unit online through our learning portal over the following month. They return the next month to start the next unit.

ENTRY REQUIREMENTS

All students complete a Language, Literacy, Numeracy and Digital skills (LLND) assessment at enrolment. This helps us put the right support in place from the start. If you don't meet the entry requirements, we'll connect you with support services.

FEES AND FUNDING

Jobs and Skills WA: Students enrolled through a traineeship may be eligible for funding through Jobs and Skills WA. This qualification is on the Lower fees, local skills course list for 2026. Eligibility conditions apply, and fees depend on the units selected.

Student tuition fees are indicative only and are subject to change given individual circumstances at enrolment. Additional fees may apply, such as student services and resource fees.

View the indicative fees for funded courses: **ATM RTO Fees 2026**

Construction Training Fund: The CTF provides funding support for training of eligible workers in the construction industry. We acknowledge the support of the CTF in reducing the costs of training for eligible workers. Grant payments are available for eligible employers, paid directly by the CTF. Visit ctf.wa.gov.au for more information.

WHY TRAIN WITH ATM

- **35+ years** delivering nationally recognised training in WA.
- **Experienced, industry-qualified** trainers.
- **Monthly face-to-face blocks** with your trainer, so you are never working through it alone.
- **Flexible online study** between blocks, built around your roster.
