# Carry Out Tilt-up Work Safely

## AIM OF THE COURSE

The aim of this training is to impart to participants the necessary knowledge and skills to equip them to safely work in tilt-up construction.

The course provides a blend of meaningful theoretical instruction with practical training based on simulated tilt-up construction situations to help participants understand the hierarchy of hazard control, specific hazards associated with tilt-up construction and the Code of Practice.

## COURSE CONTENT

This course is based on the requirements outlined in the Regulations, Code of Practice, Standards and includes:

- Tilt-up construction risk management process
  - Identification of hazards, and assessing and addressing risks
- Access and use information relating to safe tilt-up construction
  - Codes of Practice and Standards
- Maintain safety of self and others
  - Emergency response procedures
