## OPERATOR CERTIFICATION

### AIM OF THE COURSE

The water cart operator certification program provides information and guided practice that will equip experienced operators with the skills necessary to demonstrate competence to the minimum national certification standards (*NOHSC7019*) and to lay the foundation skills of new operators so that they can, in a safe manner, continue to improve their skills and proficiency whilst operating the machine.

The course is aligned to the nationally recognized units *RIIMPO206A Conduct bulk water truck operations* and *RIIMPO326A Conduct civil construction water cart operations* which specifies the outcomes required including planning and preparation for work, the conduct of operational checks, the safe and effective operation of the water cart for a range of mandatory and optional operational tasks and operator maintenance activities.

### COURSE CONTENT

The program addresses the following:

- Planning and preparing for operations
- Pre- and post operational checks
- Start up and shut down procedures
- Establish a watering plan
- Loading from standpipes
- Hauling fluid loads
- Distributing water
- Operator maintenance

Assessment only service is also available for experienced operators for initial certificate issue and VoC's

### DURATION

1 day

### PREREQUISITES

Participants will be required to have successfully completed the dump truck operator training program.

### ACADEMIC AWARD AND RECOGNITION

Upon successful completion participants will be issued with a Statement of Attainment which will be recognised nationally.
