

Articulating Dump Truck

OPERATOR CERTIFICATION

AIM OF THE COURSE

The articulating dump truck operator certification program provides information and guided practice that will equip experienced operators with the skills necessary to demonstrate competence to the minimum national certification standards (*NOHSC7019*) and to lay the foundation skills of new operators so that they can, in a safe manner, continue to improve their skills and proficiency whilst operating the machine.

The course is aligned to the nationally recognized unit *BCCPO3016B Conduct dump truck operations* which specifies the outcomes required including planning and preparation for work, the conduct of operational checks, the safe and effective operation of the articulating dump truck for a range of mandatory and optional operational tasks and operator maintenance activities.

COURSE CONTENT

The program addresses the following:

- Planning and Preparing for Operations
- Pre- and Post Operational Checks
- Start Up and Shut Down Procedures
- Defensive Truck Driving
- Spotting to Load
- Hauling and Dumping
- Speed Control
- Cornering and Skid Control
- Operator Maintenance

Assessment only service is also available for experienced operators for initial certificate issue and VoC's
