CERTIFICATE IV in CIVIL CONSTRUCTION SUPERVISION

WHAT IS THIS COURSE ABOUT?

RII40206 - Certificate IV in Civil Construction Supervision reflects the role of employees in Civil Construction operations who may fulfil roles such as foreman, site supervisor or works supervisor where they are responsible for applying the site work instructions and practices to ensure the quantity and quality of the output of others.

DELIVERY STRATEGY

The certificate is delivered by two RTO's. Australian Training Management (ATM) delivers the independent civil construction competencies and Leadership Management Australia (LMA) delivers the frontline supervisory management competencies through the *Leading and Managing For Results* program (see program brochure). ATM will also coordinate applications, signups and government and BCITF subsidy arrangements on your behalf.

ATM and LMA will independently coordinate delivery timetables and present Statements of Attainment identifying competencies obtained under their programming to successful candidates. ATM will present the final *Certificate IV Civil Construction Supervision* for participants that complete all of the required competences listed below.

To obtain this qualification you will require 12 units. The units of a typical Certificate IV in Construction Supervision qualification is presented below.

No.	Unit Code	Unit Title	Trained and Assessed by
1	RIICC401A	Supervise civil works	ATM
2	BSBCM411A	Monitor a safe workplace	ATM
3	BSBMGT402A	Implement operational plan	LMA
4	BSBWOR402A	Promote team effectiveness	LMA
5	MNOGEN400A	Apply site risk management system	ATM
6	BCCCM3993B	Implement Traffic Management Plan	ATM
7	BSBWOR404A	Develop work priorities	LMA
8	BSBWOR401A	Establish effective workplace relationships	LMA
9	BSBINN301A	Promote innovation in a team environment	LMA
10	BSBLED401A	Develop teams and individuals	LMA
11	RIICC404A	Apply the principles of flexible pavement construction	ATM
12	LGAWORK402A	Prepare for operational works	ATM

HOW IS THE COURSE MADE AVAILABLE?

LMA course delivery comprises a multi-sensory mix of interactive workshops, practical assignments and goal setting. This methodology reinforces practical application, skills growth and on-going habit development. The course is most suited to in house delivery for employer groups of 12 - 18 participants. Public programs will be made available upon request.

The civil competencies will be delivered via a combination of practical on-the-job activities and in-field assessments.

Recognition of Prior Learning (RPL) is also available to all clients. RPL recognises skills and competency developed through work and life experiences.

In addition to RPL, Australian Training Management Pty Ltd recognises the AQF Qualifications and/ or Statements of Attainment issued by any other Registered Training Organisation.

WHAT ARE THE REQUIREMENTS FOR ENTERING THE COURSE?

Whilst there are no mandatory pre-requisites,
Applicants for RPL will require significant civil construction industry experience.

ACADEMIC AWARD

Certificate IV in Civil Construction Supervision

CANCELLATION FEES / REFUNDS

Other than when LMA or ATM cancels a course, no refunds will be offered for cancellations from within five working days of course commencement.

If a cancellation is received between five working days before LMA course commencement and the day of course commencement, a full credit will be given, less an administration fee of \$121 (inclusive of GST), to be used against future LMA courses.

For cancellations / withdrawals received on or after the commencement of the course no refunds will be given.
