

# RII20220 Certificate II in Surface Extraction Operations

## Course Overview

This qualification reflects the role of individuals working as entry-level operators in open cut coal or metalliferous mines or quarries, who perform a prescribed range of tasks involving known routines and procedures and take some responsibility for the quality of work outcomes.

## Course Delivery

Training and assessment will be a combination of on-site and in classroom block training at an Australian Training Management facility. Students will be required to complete student record books and unit specific logbooks.

## Entry Requirements

All students will take a Language, Literacy and Numeracy (LLN) test during enrolment. This helps us offer any needed support. If you don't meet entry requirements, we'll connect you to support services.

All students must work within the relevant industry.

## Course Duration

The average course duration for **RII20220 - Certificate II Surface Extraction Operations** is 12 months.

## Fees

**Funded:** Students registered through a traineeship/apprenticeship pathway may be eligible for funding through the Jobs & Skills WA, lower Lees, Local Skills Program. Fees will depend on units selected. The student tuition fees are indicative only and are subject to change given individual circumstances at enrolment. Additional fees may apply such as student services and resource fees.
