

Identify Requirements for Safe Tilt-up Work

Course Code ATM011

AIM OF THE COURSE / TARGET GROUP

This course provides participants with the required safe tilt-up work knowledge prior to entering tilt-up construction workplaces or sites. This course addresses the outcomes required for safe tilt-up work induction training within the construction industry, and is suitable for individuals requiring access to construction industry workplaces or sites.

DURATION

1 day

COURSE CONTENT

This new course is based on the requirements outlined in the Regulations, Code of Practice and National Standards and includes:

- hazard identification and risk control related to tilt-up work
- job safety analysis (JSA) and safe work method statements (SWMS)
- requirements for planning, preparing and carrying out the tilt-up construction process as relevant to own work, role and responsibilities
- safety equipment used on construction work sites
- stages in the tilt-up construction process
- WHS standards, legislative requirements and codes of practice related to tilt-up work

ASSESSMENT METHOD

Knowledge based questionnaires and practical demonstration
