Front End Loader, Skid Steer Loader & Excavator Operator

TRAINING AND ASSESSMENT

Course Code ATM059

AIM OF THE COURSE / TARGET GROUP

This Triple Plant Operator (Front End & Skid Steer Loader and Excavator) training program provides the theoretical knowledge and practical training that will equip operators with the skills necessary to safely demonstrate competence to the minimum national certification standards (**NOHSC7019**) and to lay the foundation skills of new operators so that they can, in a safe manner, continue to develop their skills and proficiency whilst operating these 3 plant machines.

DURATION

3 days *Please note: This is the nominal time anticipated to bring a new operator to the minimum national NOHSC7019 standard for each machine.*

COURSE CONTENT

The program addresses the following:

- Planning and preparing for operations
- Pre- and post-operational checks
- Basic operating techniques
- Fitting and using attachments
- Machine relocation
- Operator maintenance & housekeeping activities

Assessment only service is also available for experienced operators, for initial issue of certificates and VoC's

ASSESSMENT METHOD

Knowledge based assessment and practical skills assessment

PRE-REQUISITE FOR THIS PROGRAM

Learners must have basic English literacy skills.
If required by the employer or by site management, or if you are required to drive these machine on a gazetted road, the candidate must already hold a Heavy Rigid (HR) Motor Vehicle Driving License.

ACADEMIC AWARD AND RECOGNITION

Upon successful completion of all aspects, learners will be issued with one or more of the following competencies; depending on the level of competency demonstrated during assessment:

- RIIMPO321F Conduct civil construction wheel loader operations
- RIIMPO318F Conduct civil construction skid steer loader operations
- RIIMPO320F Conduct civil construction excavator operations
- NOHSC 7019 Certificate of Competence
