Overhead Gantry Crane

NON HIGH RISK APPLICATIONS

Course Code ATM022

AIM OF THE COURSE / TARGET GROUP

This course provides participants with the skills and knowledge to enable them to safely and efficiently lift and move loads using an overhead bridge or gantry crane in a variety of situations. The course is aligned to a nationally recognised unit of competence **RIIHAN305D Operate a gantry or overhead crane**. This course is suitable for anyone required to operate an overhead gantry crane.

This course is delivered on site only.

DURATION

1 Day

Please note: The course may be completed within a shorter or longer time frame depending on the experience of those in attendance

Important note

COURSE CONTENT

The program addresses the following:

- Job planning, hazard identification and hazard control measures
- Operational inspections
- Safe load handling, lifting and slinging
- Emergency procedures
- Shut down procedures
- Weight chart
- Signals for overhead cranes

ASSESSMENT METHOD

Knowledge based questionnaires and practical demonstration

PRE-REQUISITE FOR THIS COURSE

Must have basic English literacy skills

ACADEMIC AWARD AND RECOGNITION

Upon successful completion participants will be issued with the following Statement of Attainment which will be recognised nationally:

- RIIHAN305D Operate a gantry or overhead crane

WHAT TO WEAR

All course participants are required to wear appropriate work attire. Whilst closed in shoes are a minimum requirement for attendance on any course, steel capped safety boots are required for forklift, dogging, vehicle loading crane (hiab) and rigging courses.

WHERE IS THE TRAINING CONDUCTED?

This course is conducted in the workplace for corporate clients. In order to conduct this training and assessing on your worksite you will need to provide the following:

- A safe and well maintained bridge or gantry crane
- A training room to accommodate for up to 8 people
- A safe operating area

MORNING TEA AND LUNCH

As this course is not delivered at the Safety Training Centre participants are required to provide their own refreshments.

COURSE FEE

\$375.00

CTF SUBSIDY

\$127.00 After CTF subsidy

This subsidy is available to eligible participants only.

Bulk billing is available to participants who pay the balance prior to the course

The Construction Training Fund provides funding support for training of eligible workers in the construction industry. We acknowledge the support of the Construction Training Fund in reducing the costs of training for eligible workers.
